EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	*Computer Science & Engineering*	PES College of ENGG	2023-2027	7.5
PUC	*Physics, Chemistry, & Mathematics*	SR Junior College	2021-2023	85%
SSC	-	Kiddy's EM school	2021	10.0

Professional Summary

I am an enthusiastic and driven Engineering student with a strong interest in **Web Development, Artificial Intelligence, and innovative digital solutions**. I enjoy building meaningful projects—from responsive websites to AI-powered applications—that solve real problems for students and institutions. Through roles such as **Student Placement Coordinator**, **Social Media Lead**, and **Technical Member**, I've gained hands-on experience in leadership, teamwork, content management, and event coordination. I am passionate about learning new technologies, improving user experiences, and contributing to impactful projects that make a difference.

PROJECTS

Portfolio Website [2024]

- Built a personal portfolio using HTML, CSS, and JavaScript to showcase skills and projects.
- Designed an interactive UI for displaying projects and relevant skills.
- Integrated GitHub repositories and LinkedIn for professional networking

IIC PESCE Website Development [2025]

- Developed a responsive and user-friendly website for **Institution's Innovation Council (IIC) PESCE** using **HTML, CSS, JavaScript**, and supporting frameworks.
- Built and deployed the project using the **Gemini Antigravity Code Editor**, ensuring clean code structure and optimized performance.
- Designed intuitive UI/UX layouts, integrated event information, and improved accessibility for students and faculty.

PESNEXT Website Development [2025]

- Created a dynamic and visually engaging website for **PESNEXT** using **HTML, CSS, JavaScript**, and front-end frameworks.
- Implemented responsive design principles to ensure seamless viewing across devices.
- Added interactive sections, event updates, and content modules to improve student interaction and platform usability.

TECHFLUE – Student Career Guidance Platform [2024-25]

- Developed a personalized platform that analyzes a student's **interests** to recommend the most suitable **career path** with detailed course insights and roadmaps.
- Integrated resources including **PDFs, learning materials, and field-wise guides** across domains like IT, Medical, and Government sectors.
- Added a **mentorship connection feature** that links students with industry professionals for real-time guidance and career clarity.

EventGo – College Event Management System (MERN Stack): [2026]

- Developed *EventGo*, a full-stack college event management web application using the MERN stack (MongoDB, Express.js, React, Node.js) that streamlines event creation, registration, and participant management through a secure, user-friendly interface.

POSITIONS OF RESPONSIBILITY

Student Placement Coordinator – PES College of Engineering (PESCE)

- Coordinated campus recruitment drives by communicating with companies, managing schedules, and ensuring smooth execution
- Organized placement-related events and student engagement activities.
- Managed and updated official placement-related social media channels to improve outreach and student awareness.

Social Media Lead – MATRIX Club, PESCE

- Led the social media team by creating, editing, and publishing high-quality posts and reels to enhance club visibility.
- Collaborated with team members to plan, execute, and promote club events.
- Oversaw end-to-end event management, including content creation, branding, and online engagement.

Social Media Member – IIC PESCE

- Designed and developed websites for IIC PESCE and PESNEXT, contributing to digital presence and accessibility.
- Assisted in planning and managing institute-level events and initiatives.
- Supported social media and technical tasks to enhance outreach and student participation.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C,C++.
- **Web Development:** HTML, CSS, JavaScript.
- **Tools & Frameworks:** MATLAB, VS code, Gemini Antigravity, Tenser flow, pandas ,numpy, Django.
- **Other Skills:** Generative AI, AI-Powered Tools, Database Design, OOP concepts.
- **Soft Skills:** Problem-solving, teamwork, adaptability.

Soft skills

- Leadership and Team Work
- Problem Solving
- Dedication
- Continuous learning

EXTRA-CURRICULAR ACTIVITIES

- Participated in 24-hour hackathon – HACKSPRINT '24' PES COLLEGE OF ENGINEERING.
- Participated in 24-hour hackathon – Codathon-25 BMSCE.
- Participated in College Cricket Tournaments
